President Conference Chairman

Goes Calling to Talk Things Over Separately With Stalin and Churchill

By Ernest B. Vaccaro
POTSDAM, July 18—(AP)—The Big Three conference swung into stride today with the second formal meeting of President Truman, the chairman, Prime Minister Churchill and Premier Stalin.

A speedy victory over Japan and settlement of long standing disputes to help preserve the peace in Europe were chief among the American president's aims as the three settled down to study pressing international problems.

Mr. Truman went calling to talk things over separately with the British and Russian executives before the meeting.

This is the first Big Three conference with a formal chairman. Unofficial reports from Tehran in 1943 indicated President Roosevelt presided informally most of the time.

Mr. Roosevelt stepped again into the role of chairman in the Crimean conference last February since all sessions were held in the American quarters, Livadia palace.

Two Luncheons

At 1 p. m., Mr. Truman was luncheon guest of Churchill. Two hours later, Stalin gave him another luncheon.

Other guests at the second spread were foreign commissar V. M. Molotov, secretary of state James F. Byrnes, Charles E. Bohlen of the state department and the president's military and naval aides.

The Russian luncheon was comparatively brief with the menu including caviar, fish and meat. There were evidences of cordiality.

How long the three leaders met at the second formal session was not announced.

It was indicated that complete agreement existed among the three heads of government to proceed promptly toward seeking settlements of the many issues on which the future peace of Europe and a possible quicker end of the Japanese war may depend.

Atmosphere Cleared

Potsdam skies were cloudy, but the parley atmosphere appeared considerably cleared.

The president first conferred and ate luncheon with the prime minister and then visited the Soviet generalissimo for a similar personal session later in the afternoon.

Mr. Truman was selected yesterday as conference chairman.

With him on at least the latter visit was Secretary of State Jas. F. Byrnes, the president's erstwhile Capitol Hill partner in many a compromise mission to smooth the congressional pathway for wartime commitments which the late President Roosevelt made at just such international sessions as this.

Spectacular Setting

It was a new and far more spectacular setting to an old story for both of them—on an international basis now. Truman's swift step to get down to cases individually with both Churchill and Stalin indicated the Missourian was taking the Potsdam program right in his stride.

There was no definite information as to whether another formal conference was scheduled for later this afternoon. However, it would be true to Truman form promptly to call on official meeting to clinch any informal agreement which might be reached during his personal visits.

Truman's visits to the other two members of the Big Three followed the order in which they had visited him—Churchill on Monday and Stalin on Tuesday—thus conforming to diplomatic protocol.

Announcement of the president's plans was made by an American officer after a conference with the Washington delegation. The fact that it came in advance of developments indicated that Truman—while apparently not trying to force an "open meeting" policy on the parley—nevertheless was adhering to his policy of keeping the people at home informed as much as possible concerning what is going on.

Quick Victory Over Japan

Chief among the aims of the American president were a speedy victory over Japan and settlement of age-old disputes to help preserve the peace in frequently un-

Young Harry Visits His 'Famous Uncle'

By Daniel De Luce

POTSDAM, July 18—(AP)—Two Harry Trumans occupied the "Little White House" in Potsdam today—the president and his 21-year-old nephew, Sgt. Harry A. Truman of Grandview, Mo., who got off a U. S. A-bound liner in order to visit his famous relative.

Young Truman, a gunner of Battery C of the 157th Field Artillery battalion of the 44th division, was flown here yesterday after his uncle, upon docking at Antwerp Sunday, remarked that he had a nephew on the western front and hoped to see him.

Sgt. Truman's trip to Potsdam was arranged by Lt. Gen. John C. H. Lee, commander of American communications zone forces in Europe, who located him aboard the liner Queen Elizabeth, ready to sail for the United States with his division.

Happy and Excited

Although returning to Germany meant a delay in seeing home again, the young sergeant was reported happy and excited over staying with the president, whom he last saw last August in Missouri during the presidential campaign.

The sergeant, it was learned, will stay at the Little White House "several days."

Sgt. Truman landed in Europe with his division last September and has battle stars for action in northern France, the Rhineland and central Germany.

Before entering the army he was a student at the University of Missouri. He was promoted to the rank of sergeant on June 26th.

New Ceilings On Potatoes

WASHINGTON, July 18—(AP)—Revised price ceilings for white potatoes grown in Arkansas, Oklahoma, Texas, Kansas, Missouri and Nebraska have been announced by the OPA. The price ceilings will be effective for the period July 22 through 31.

The new ceilings are higher by 15 cents a pound per hundred pounds, F. O. B. shipping point, than those originally set. The increase, allowed to compensate for a reduced crop yield, is only half as much as the allowance producers were permitted to add for the current period.

The OPA said the disaster allowance is being cut in half because the reduction in yield has been lighter than anticipated.

Fifth Son of Sedalia Couple Enters Service

Stanley Howard Mindell, 17 year old son of Mr. and Mrs. S. Mindell, 618 West Broadway, has enlisted in the military service, and is enrolled in the university of Wyoming, Laramie, Wyo., under the Army Special Training program.

Stanley is the fifth son of Mr. and Mrs. Mindell to enter the service. Three are overseas, the fourth in a camp in Virginia.

Ask for Agenda, Offered Menu

LONDON, July 18—(AP)—London newspapers today attacked what they termed a blackout of news at the Potsdam Big Three conference, and sharply criticized the luxurious menus and accommodations provided for conference delegates.

"We ask for the conference agenda," the Mirror said in an editorial. "We are offered the delegates' menu. It consists of choice steaks, strawberries—big and juicy—whisky, gin, bourbon, vodka. x x x

"Is this the new diplomacy?" The Daily Mail said that "Security has gone to preposterous lengths x x x where security is not involved."

Invites Public To See Horror Camp Pictures

Final arrangements have been made for the visit by Congressman Marion T. Bennett to Sedalia, Saturday, July 21, with official Army Signal Corps motion picture films, showing conditions as found in the concentration camps in Germany.

Congressman Bennett was one of ten American congressmen selected by General Dwight D. Eisenhower to investigate the German atrocities. The general told the congressmen: "See these things and then go forth as the spokesmen for Congress, for America, and for civilization." The Sixth District is fortunate in being able to get a first-hand account of the war crimes by one who has seen the evidence of them.

Other Pictures

In addition to the "war crimes films," will be two motion picture films depicting the work of the Veterans Administration. Congressman Bennett secured the pictures relating to the work of the Veterans Administration because he is a member of the War Veterans Legislation committee of the United States House of Representatives.

Five different sound motion pictures will be shown at these programs. The afternoon program will begin at two o'clock, and the evening program at eight o'clock.

The public is invited to see these films. The programs will be non-political, and there will be no admission charge.

Soutte explained to his ration board he lost his billfold on his farm and later found a calf making a meal of it. He killed the calf and reclaimed the billfold—with all its contents including money, ration books, and a lock of his daughter's hair.

Iva Brown, chief clerk of the ration board, said ration officials were able to identify the money and ration books. The lock of hair, wrapped in cellophane, was undamaged.

Battleship is Damaged, But Stays in Fight

Nevada, Veteran of Two Wars, Hit on Okinawa Shore

WASHINGTON, July 18—(AP)—Veteran of two wars, the battleship Nevada absorbed damage from a flaming suicide plane and five hits from an Okinawa shore battery but stayed in the fight. The navy today told the story of the actions which occurred as the famous old ship was operating as part of a formation assigned to obliterate enemy installations on the island.

The kamikaze struck before daylight March 27, causing 60 casualties, including ten enlisted men and one officer killed and 30 seriously injured.

Despite her damage, the Nevada was back in action within four hours.

The next week, on April 5, while still pounding away at Japanese airfields, shore defenses, supply dumps and suspected troop concentration points, a coastal battery opened fire.

The Nevada, which cracked the toughest installations the Nazis could provide at Normandy, Cherbourg and Southern France, slugged it out for 18 minutes. During the engagement the enemy fired an estimated 24 shells, five of which registered. They killed two men, seriously injured eight, and slightly wounded eight others.

Experienced gunners of the Nevada got off 71 rounds from her 14-inch main battery alone, and when the shooting was over, the navy said "The target area resembled a gravel quarry after a week's blasting."

The Nevada's damage was repaired overnight, and the next morning she was back on the firing line.

In the Kamikaze attack, the Nevada's anti-aircraft guns assisted in splashing two of the attackers before a "Val" dive bomber streaked out of the haze apparently bent on striking the open bridge. Light machine guns scored hits on the plane, but too late to stop her.

Sawed Off Wing

Marine gunners of the 20mm battery, however, managed to "saw off" the plane's right wing, which fluttered into the sea. Its course diverted, the plane crashed into the main deck after beside a main battery turret. The seven marines who saved the ship's superstructure died at their stations, their guns barking until the second plane struck.

Fires started by the kamikaze crash were extinguished in three minutes, but not before considerable material damage was done to the main battery turret and one 20 mm gun.

It was the Nevada's first damage since Pearl Harbor, although she was "straddled" by German shore batteries during the bombardment of Cherbourg.

At Pearl Harbor, she was the only capital ship to get under way during the attack. About 40 minutes after the Japanese hit, she cleared her berth unassisted and started down the south channel. Heavily damaged and drawing water, she was beached to prevent jamming the channel.

Returned To Fleet

After permanent repairs and modernization at the Puget Sound, Wash., navy yard, she returned to the fleet in time to participate in the reconquest of the Aleutians in May, 1943. She later was refitted at the Norfolk, Va., navy yard, and arrived in European waters in April, 1943, to support the Normandy landings.

She returned to the Pacific late last year after reconconditioning again at the Norfolk navy yard. Her first new assignment was at two Jima.

New Secretary Of Labor May Be Powerful

May Have Control Of All Federal Labor Agencies

WASHINGTON, July 18—(AP)—Lewis B. Schwellenbach appeared today to be charting a course, which, with congressional sanction, would make him the most powerful secretary of labor since the department was created in 1913.

The new cabinet officer told a news conference yesterday that 30 leaders of organized labor had advised him his department should have control over all federal labor agencies except the long standing national mediation board which handles rail labor disputes.

And Schwellenbach strongly indicated he agreed with them. He said, however, he had not made up his mind which agencies should be united with his department but that he would begin conferences with agency heads tomorrow and later sound out congressional sentiment.

Would Not Meddle

Schwellenbach also made plain that if he did gain control of the quasi judicial war labor board and national labor relations board which deal with wartime labor disputes and unfair labor practices, he would not meddle with their congressionally conferred powers.

"I would only take over their housekeeping functions," was the way he put it. "That is, to oversee their procedure and try to speed it up. I am not going to take over and become an appeal agent of any board that decides controversial questions."

Schwellenbach said he also would look into the feasibility of taking over the independent fair employment practice committee and the labor divisions of the war and navy departments.

Japan Has New Vice Minister of War

SAN FRANCISCO, July 18—(AP)—Japan, now undergoing the most terrific naval and aerial lashing of the Pacific struggle, has a new vice minister of war.

The Domei Agency, quoting the war ministry, identified him as Lt. Gen. Tadaichi Wakamatsu "noted as one of the outstanding strategists of the Japanese army."

The Domei broadcast, recorded by the FCC, said Wakamatsu, who replaced Lt. Gen. Kaneshiro Shibayama, formerly commanded an army corps and once served as military attaché to the legation in Hungary. Domei cited no reason for the change.

OPA Men Must Have Court Order

ST. LOUIS, July 18—(AP)—Three more Office of Price Administration enforcement agents were denied admittance today to a frozen food locker establishment for an inspection of stored meats.

John Summers, manager of the Ladue Lockers, Inc., said he forbade entrance by the agents on instructions of Robert T. Hensley, president of the company.

"We consider the food in our lockers the personal property of our customers," Summers asserted, "and we cannot allow the inspectors to open the lockers without a court order, in order to protect ourselves."

Will Ask For Order

George L. Robertson, chief OPA district enforcement agent, said he would ask the U. S. district court for an order directing the company to admit the agents.

Two weeks ago, Claude E. Murray, city health engineer of Poplar Bluff, Mo., and Police Chief John W. Sims were cited for contempt of court in refusing admittance of OPA agents to lockers there. Murray was given a 30-day suspended sentence in the case.

Robertson said the agents sought admittance to the Ladue Lockers after an inspection of the company books indicated that 278 of the 300 lockers were held by 228 customers. The agents, Robertson said, suspected that illegally acquired meats are in storage there.

Killed in Corn Truck Crash

MOUND CITY, Mo., July 18—(AP)—A young woman was killed and her two companions injured when the loaded corn truck in which they were riding plunged down a 5-foot embankment at the east edge of Mound City.

Mrs. Doris Maxey, 17, Kansas City, was killed. The injured were Mrs. Ida Dorrell, 16, Marceline, Mo., and Mrs. Ruby A. Henderson, 17, Kansas City. The driver of the truck, Walter Rea, Turney, Mo., was not injured.

Rea told authorities that after the truck left the highway it struck a woven wire fence. The three young women were thrown from the cab and tangled in the wire.

Sheriff Claire Watson of Holt county said he learned the young women left Kansas City shortly after midnight, hitch hiking in another truck to near Plattsburg. There they got a ride in the grain truck. Rea said the women told him they were on their way to St. Joseph but when they arrived, they decided to go farther.

'Big News' of Japan Soon

SYDNEY, Australia, July 18—(AP)—Newspapers in Sydney today published speculative reports that "big news" relating to Japan would be forthcoming soon.

Japanese Explain They are Preserving Their Strength Until Time is Ripe

By Leonard Milliman Associated Press War Editor

Japanese broadcasts reported Allied carrier attacks and naval bombardments ripped up military defenses and war industries within 80 miles of Tokyo today for the second successive day.

London reported hearing a Tokyo broadcast that 16 warships shelled the east coast of Honshu island for about an hour at noon today. This would be a repeat performance of a mid-night barrage that poured more than 2,000 tons into a 20-mile stretch of the vulnerable Japanese coastline northeast of Tokyo.

At least 500 carrier planes from the great U. S. and British Pacific fleets, capable of putting 1,500 aircraft into the air, raked air-dromes, military installations and cities on three sides of Tokyo for three hours and were still coming over in mid-afternoon, the enemy radio said. The strike began at noon (Tokyo Time) but could match yesterday's day-long attack by 1,500 aircraft.

Land-based aircraft filled in the gaps. Tokyo reported 83 bombers and fighters raided southern Japan this morning, a handful of navy patrol bombers hit Honshu island south of Tokyo, and 30 Superforts flew widely over the islands during the night, scouting and dropping propaganda leaflets. Liberators and Black Widow night fighters struck at the industrial coast 55 to 80 miles north-east of Tokyo last night before the American-British bombardment fleet moved in.

Iowa Leading

Led by the 45,000-ton U. S. Battleship Iowa and the British King George V, Allied fleet units steamed in through mist and rains to within six miles of shore and for an hour poured more than 2,000 tons of hot steel into factories and military installations.

Associated Press correspondent James Lindsay who watched the shelling said a copper refinery, steel, engineering and arms plants in the Hitachi area were transformed into rubble before the mighty warlike turned and sped away shortly after midnight. There was no sign of Japanese opposition.

Tokyo explained the Japanese were preserving their strength "until the time is ripe" when they will deliver a knockout blow to Allied naval and invasion forces.

Japanese propagandists warned that Allied bombardment and carrier forces would be back again and strike wherever they wished; admitted the Japanese were terrified by the bombardment, they called upon the government to give the people "capable leadership" and for the Nipponese themselves to meet the bombardments without fear.

Tokyo said the midnight bombardment reaching from Hitachi to Mito was smaller than the two previous shellings of northern Japan, which drove residents of Kamaishi into air raid shelters where many remained "long after the enemy warships had retired, unable to shake off fear."

Carrier planes included last night's bombardment area in today's targets.

Land-based aircraft combined with PT boats to sink or damage 150 more small Japanese vessels. Naval patrol planes from the Philippines accounted for 100 river craft in the Amoy, Swatow and Hong Kong areas of the China coast.

Inland three Chinese columns closed in on Kweilin, former main U. S. airbase in southeast China. Advances up to seven miles placed Chinese 11 miles northwest 12 miles west and 33 miles southwest of Kweilin. The Nipponese made a futile attempt to restore their escape route to the north, cut recently by the Chinese.

Pocketed Japanese in the northern Philippines fought desperately with makeshift weapons, including mortars made of three

Not Joyful On Fraternizing

KANSAS CITY, July 18—(AP)—Kansas City girls don't like the army's lifting the non-fraternization order in Germany.

"Isn't it bad enough to have those Australian brides coming in by the dozens and 60,000 English girls married to our boys over there without getting German girls in the competition too?" Miss Martha Bickenbach, a Kansas City secretary, commented after viewing an Associated Press picture of a GI gabbing with a German girl wearing an abbreviated bathing suit.

The wife of T-4 Elmer F. Albright, with the 7th army in Germany, said she wasn't worried and "I can't blame the single boys for wanting to mingle with the German girls."

Sgt. George Huke's girl friend, Florence Kramer, said she also wasn't worried and that she'd heard of American girls flirting with German prisoners of war.

Sgt. Carl J. Bowman's wife said she had "plenty of confidence in him, but I hope he gets out of Germany quickly."

Mrs. Herb Ricker said "If he (Herb) can find a gal like the one in the picture, okay—let him

COOKED A FINE DINNER; THEN THREW IT TO DOG

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloated, had headaches, felt worn out and was badly constipated. Finally she got ERB-HELP and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.
ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by All Drug Stores here in Sedalia.

Relapse to War Prisoner

FORT WORTH, July 18.—(AP)—Corp. James E. Newman, the former prisoner of the Japanese who was given only a slight chance to live when he was brought home, suffered a relapse today and his condition was reported by his doctor as "grave."

Newman was flown here from an army general hospital at Santa Fe last month, suffering from malnutrition, tuberculosis and laryngitis, developed while he was in a prison camp on Luzon. His parents, Mr. and Mrs. O. F. Newman, had asked he be returned after army physicians had said he would not survive.
But once at home he seemed to improve. His local doctor told him "Just eat all you can, rest and don't worry."

He began eating at every meal some of "mom's biscuits" for which he had expressed a wish when he was in the hospital.
"I can't die now, not after all the kindness and consideration people have shown me," he said recently.

Today came news of the relapse.

Hitler Back In the News

By the Associated Press
Adolf Hitler, variously reported dead or escaped to one place or another, was brought back in the news again today by a report that he had taken up residence on an island in the Antarctic.

Following a statement by Cesar Ameghina, Argentine foreign minister, that their was no truth in a published rumor that Hitler and his alleged bride had reached Ameghina, Argentine foreign marine U-530 and were living in Patagonia, the French Brazzaville radio relayed a report that the pair were in the Antarctic.

The broadcast, heard last night by NBC, quoted "the South American newspaper, La Critica" as saying that Hitler and Eva Braun had taken refuge on Queen Maude island, a former base for German antarctic explorers, after being landed by the U-530, which surrendered last week to Argentine authorities.

Navy Retains Championship

SAN DIEGO, Calif., July 18.—(AP)—"Golly, what a man." Thus Seaman first class Roman L. Springer, Winona, Minn., father of 14, relinquished his claim to the paternity championship among United States servicemen and paid tribute to his successor, Chief Steward Gregorio Zagala of Lomita, Calif., father of 15.

Springer, stationed at Camp Kearney, had one consolation. He was "glad the navy retains the title" for the largest family belonging to a serviceman.
Zagala, 45, stationed at the naval operating base at Terminal Island, Calif., reported that it looks as if the navy—and the Zagala family—is going to retain the title for quite awhile. Mrs. Zagala is expecting another in November.

The Zagala children range in age from 4 to 25 and three of the boys are in the navy. Mrs. Zagala says she manages very nicely with her husband's \$240-a-month salary plus \$240 monthly allotments.

Greyhound Bus Plunges Into Creek

RICHMOND, Va., July 18.—(AP)—A heavily laden Greyhound bus inbound from Norfolk plunged into the rain-swollen waters of Gillies creek in the edge of Richmond today when a bridge over the normally tiny stream gave way. Only one of 45 persons on board, this one an infant, was killed.

Capt. A. D. Garton of the Richmond city detectives, said that Mrs. Evanora Hammel, 29, of Delta, Pa., had reported that her three months old infant, Donna Gene Hammel, was lost in the waters. Mrs. Hammel had not seen the body of the drowned child to definitely establish its identity but no other child was reported missing. The officer said the mother, who was suffering from shock, told investigators that the waters sucked the child "right out of her arms."

44 Aboard
Chief of Police E. H. Organ said he was informed that 44 passengers, including two infants as well as the driver were on the bus. The swirling waters of the creek swept the bus 100 yards downstream from the bridge and only one tail light, still burning, marked its position when the first police squad arrived about 4 a. m.

Chief Organ said 37 persons, one holding a child, were on the top of the all-but-submerged bus when he arrived, and that six swam to safety on the west side of the creek.

New Prince Born In Yugoslavia
LONDON, July 18.—(AP)—King Peter and Queen Alexandra of Yugoslavia are the parents of an 8 1/2-pound prince, born last night. "Everybody is very pleased the baby is a boy, especially the queen and I," the youthful monarch said today. "That's what we had been hoping for."

The queen was a Greek princess before she was married to the king in London March 20, 1944. The royal mother and son are both doing well, the king said. The name of the prince will be made public at his christening.

Propose Women On Grand Juries

JEFFERSON CITY, July 18.—(P)—A legislative committee decided Tuesday women should have a right to serve on grand as well as petit juries under Missouri's new constitution.

Authority for women petit jurors was specified in the 1945 code and the committee decided the same rule would apply for grand juries. In both cases, a court could excuse any woman who asked exemption from jury duty.

The committee working on bills to implement the constitution's revised bill of rights also con-

cluded that the cost of taking depositions should be assessed as costs in criminal cases. Thus they would be paid by the governmental unit, state or county, paying other costs.

The new constitution allows the state as well as the defendant to take depositions in felony cases, but gives the defendant the right to confront state witnesses and cross examine them.

Early worm control pays. I've been busy but not too busy to remove large roundworms and cecal worms from my flock. Growing birds, heavily infested with these worms, can't do their best, so I give them Dr. Salsbury's AVI-TON in either wet or dry mash. It's quick, effective, labor saving treatment. Try it!

Merry-Go-Round

by DREW PEARSON

WASHINGTON, July 18—The congressional hullabaloo over attempts to corner the American rye market has only scratched the surface.

If congress should ever dig deep enough, it will unearth one of the juiciest stories of riding the grain market the country has heard for a long time, including some of President Truman's close supporters, chiefly Ed Pauley, the former treasurer of the Democratic national committee.

Other Democrats active in rye were Senator "Pappy" O'Daniel of Texas, Senator "Happy" Chandler of Kentucky, Attorney General Bob Kenney of California, and Senator Scott Lucas of Illinois.

Senator Lucas was chiefly engaged in trying to lift transportation restrictions so the Chicago boys could unload their tremendous quantities of rye. Chandler and Kenney were let in on the deal through their friend, Ed Pauley. Their profits were relatively small, Chandler making less than \$100.

They were stowaways compared with the really big operators, General Foods, owned in part by Mrs. Joe Davies, wife of Roosevelt's former ambassador to Belgium and to Russia. General Foods, after buying 89 per cent of all the deliverable supply of rye and being stuck with it, then performed a beautiful salesmanship job in persuading the Belgian government to take a million bushels off its hands—paid for by U. S. taxpayers through lend-lease.

The department of agriculture has now ordered a hearing on the earlier rye gyrations of General Foods. However, no hearing has yet been ordered on more recent developments, including the operations of Democratic bigwig Ed Pauley and the glamorous salesmanship by which a million bush-

Kiss and Tell

by F. HUGH HERBERT

An Actual Movie Shooting Script

THE STORY: Corliss Archer and Mildred Pringle were selling kisses at a USO bazaar until their mothers suddenly turned up. On the way home, there is an argument and each mother is inclined to blame the idea on the other's offspring. They part indignantly. Corliss forgets all about it when she discovers, to her delight, that her father has brought a Private Earhart home to dinner. Meanwhile, the Pringles forbid Mildred to see Corliss again.

INT. ARCHER HOME—BACK PORCH
DIFFERENT ANGLE OF PORCH—SHOOTING TOWARDS SCREEN DOOR

Dexter barges in.
DEXTER: (cheerfully) Hi, Mr. Archer. Evening, Mrs. Archer. Then he turns, sees Earhart playing ping pong, and is justifiably puzzled and indignant.

DEXTER: (to the Archers—bluntly) Who's he?
MRS. ARCHER: (amused) Corliss, dear, introduce Dexter to Private Earhart.

Putting her paddle down, Corliss links arms coyly with Earhart and effects the required introduction.
CORLISS: (disparagingly) This is Dexter. He lives next door. He isn't 17 yet.

EARHART: (cordially) Glad to know you Dexter.

DEXTER: (frigidly) Hi.

CORLISS: (observing Dexter's untidy wardrobe) Really, Dexter, you look like something out of "Tobacco Road".

DEXTER: Ha ha—very funny. C'mon—it's time to go to the movies.

CORLISS: I'm very sorry, Dexter, but I won't be able to go to the movies with you tonight. I have an engagement.

DEXTER: (wearily) Oh, don't be a drip. (Dexter has gotten a whiff of some perfume and is sniffing noisily like a retriever.) You know you're not allowed to use perfume!

CORLISS: (savagely) Oh, why don't you go home?

MRS. ARCHER: Corliss, did you have a date tonight with Dexter?
CORLISS: Don't be silly. We never had a date. He's just trying to be funny.
DEXTER: Holy cow, why do you have to put on a corny act all the time?
CORLISS: (warningly) Dexter Franklin—
DEXTER: (a rhetorical question—for Earhart's benefit) Do all girls go nuts when they're going on 16?

This public revelation of Corliss' age leaves Corliss fit to be tied.

MR. ARCHER: (rising) I've got a suggestion that may solve a lot of problems. Why don't we all go to the movies? Like to come with us, Earhart?

EARHART: Why sure, I'd love to, sir.

MRS. ARCHER: (rising) I think that's a very good idea, Harry. There's a nice bill at the Imperial. Come along, children. If we leave now, we can just make it. (to Corliss) Better put on a sweater, dear.

CORLISS: (sulkily) Okay.

As Mr. and Mrs. Archer go into the hall, taking Earhart with them.

MR. ARCHER: (to Corliss) And make it snappy! We'll give you just two minutes flat.

CLOSE SHOT—DEXTER AND CORLISS

With a look of loathing at Dexter, Corliss flings her paddle onto the table and goes towards the stairs.

CORLISS: (pausing on stairs—dramatically) I hate you! I hate you with all my heart and soul—and I shall hate you until the day I die!

DEXTER: (quite unimpressed) Don't be a drip. (starting for the hall) I'll wait for you in front with the others.

EXT. ARCHER HOME ALLEY—NIGHT

helped get rid of its accumulated rye.

Ordinarily, alcohol distillers do not use rye. Whether someone pulled political wires to get rye used during the summer of 1944 is not known. Anyway, WPB issued the order on instructions from the war food administration and on the excuse that room had to be made in the Chicago elevators for wheat.

Meanwhile speculation continued. Rye still was the only grain on which there was no price ceiling. It was the only grain in which speculators could operate, and by the winter of 1944-45 other people besides General Foods were in the market, too. In fact, a lot of money held by wealthy European refugees in this country went into rye. This refugee money played rye against General Foods. They sold short.

The refugees were gambling that the war would be over last winter and they could import Argentine rye at around 65 cents a bushel to replace their short sales in Chicago.

As a result of this trading, the gigantic total of one billion rye futures was out against a 30-million bushel crop in the winter of 1944-45.

G. F. Lobbyists Busy

Meanwhile the General Foods boys were racking their brains as to how to get rid of their rye. They didn't know what to do with it. The rye market is limited. Only a small amount goes into rye bread, and General Foods' tremendous holdings became embarrassing. Also, Chicago board of trade men were demanding that the rye be moved out of Chicago. So the General Foods lobbyists got busy in Washington, and after some wining and dining of Belgian commercial counselor Joseph Jennen, they managed a deal whereby Belgium would take rye off their hands.

Belgium wanted rye as cattle feed, in order to build up its herds, seriously hit during the German occupation. Under war food rules, rye cannot be used for anything but human consumption. However, after receiving promises (but with no guarantees after delivery) that the rye would be used for human food, the foreign economic administration ordered the commodity credit corporation to purchase 1,044,000 bushels for UNRRA, to be used in feeding Poland, Czechoslovakia and Yugoslavia, which are legitimate rye consuming countries.

The rye was purchased very quietly on March 19, 1945, and officials of the commodity credit corporation made a careful effort not to let speculators know what was happening.

However, some of the politicos presumably were in the know, for it was about this time that the friends of Ed Pauley came in on the deal. Pauley, now U. S. reparations ambassador in Moscow, has lucky fingers. Whatever he touches turns to gold. Ed is a generous man. And several of his friends climbed aboard the zooming rye market.

Rye Soars

As news of the Belgian deal leaked out, rye soared so high that the commodity credit corporation sold 50,000 bushels it had left over from the Belgian transaction at a lush profit of \$20,000.

Meanwhile, the Belgians wanted more rye—at the taxpayers' expense through lend-lease. But this time FEA turned them down. Finally, the Belgians offered to pay their own cash and were al-

It is presumably a couple of hours later and night has fallen. This is a tree-lined alley directly behind the Archers' back yard. Mildred and Raymond are just approaching the gate leading to the yard; their manner is stealthy and they converse in furtive whispers.

MILDRED: Go on, Raymond—sneak in and see if anyone's home. I've got to talk to Corliss.

RAYMOND: (protecting) I think this is all very dumb. Why don't you telephone her?

MILDRED: (viciously) Because Mother won't let me, that's why!

While Mildred remains hidden by some shrubs, Raymond stealthily lets himself into the back yard.

INT. ARCHER HOME—NIGHT

Louise is standing by the sink washing up the dinner dishes. The windows over the sink look out onto the driveway. From off screen we hear a furtive whistle from Raymond. Louise peers out into the darkness.

DRIVEWAY
REVERSE SHOT

We are now SHOOTING over Raymond, who is crouched under the windows, into the kitchen.

Slowly Raymond stands erect, making his presence known.

RAYMOND: (whispering) Hey, Louise—anybody home?

LOUISE: No—they all went to the movies.

Raymond promptly opens the back door and enters.

INT. KITCHEN

Raymond ambles in blandly from the service porch. Louise continues with her dishwashing.

RAYMOND: (affably) Quite a stink about the bazaar, wasn't there?

LOUISE: (tries to be noncommittal) There certainly was.

RAYMOND: (chattily) Boy, you ought've heard the hysterics at our house. Mother's fit to be tied. And she's getting Pop all steamed up now.

The front door buzzer rings shrilly at this moment.

Have You Been too Busy to
REMEMBER EYESTRAIN?

THE war has changed our lives. We all have new duties—extra responsibilities. And too often we forget some of the important rules of everyday living. Eyestrain for example. Children whose precious eyes are endangered by improper habits of reading or studying. We forget that four college students in ten have defective eyesight.

Until the war is over—let's at least remember these four rules for conserving eyesight.

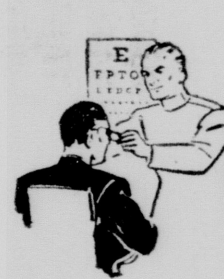

1 Do all reading, studying, sewing, or game-playing close to a good light source, preferably a modern reading lamp.

2 Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.

3 Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.

4 Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

When the war is over we are all going to have Better Light for Better Sight. In the meantime, let's conserve both eyesight and light. Take care of your eyes, but don't waste light.

Words That
Roll Off Your Tongue

Ed Hodges and the doctor were holding forth about how words only mean something when you think about them; and that a lot of words seem to lose their meaning just because they're used too glibly.

As the doctor put it, "They roll off your tongue without going through your mind. Take tolerance for instance...some of the people who use it most understand it least."

From where I sit, it looks like the doctor is right. But tolerance is mighty easy to understand.

After all, it just comes down to having respect for other folks' rights. I don't mean just in the big things like maybe what political party a fellow belongs to. But in the little things, too, like having a glass of beer occasionally.

Seems to me if every time we spoke about tolerance we thought about what it means—maybe then we'd all of us start living it and not just talking about it.

Eckert And Parker Are Beaten Bad

McIntyre And Estep
Win The Last Two Falls In Match

Wrestling in Sedalia ended for this season Tuesday night with a real finale—Ray Eckert, California, Mo., and Jimmy Parker, St. Joseph, falling victims of the team of Don McIntyre, Ottumwa, and Marshall Estep of Sturgeon. The Sedalia favorites defeated the "villains" of the local ring two falls out of three in a team match, much to the satisfaction of more than 800 fans.

The novel match proved more interesting and thrilling to local fans than was anticipated, especially when Eckert accidentally knocked out Parker which resulted in the second fall going to Marshall Estep. Then in the third, Parker, sore at Eckert, refused to help his partner and McIntyre and Estep had a "field day" with the Californian and won that third and final fall.

After both Estep and McIntyre had taken much punishment at the hands and feet of Parker and Eckert, Eckert using rolling choke hold on McIntyre, succeeded in putting on a body smother for the first fall. Time twenty minutes.

Parker Is Knocked Out

The second came after the four wrestlers had battled through eleven minutes of elbow clips, head locks, and so forth. Parker put on a full Nelson on Estep and was leading him to the Eckert-Parker corner. Eckert drew back to "heel" Estep when the cage wrestler ducked and Parker took the full blow and fell back to the mat. Estep covered him for the fall.

Six minutes lapsed for the third fall. Parker stood on the floor and let Eckert take the blunt of that fall. Estep and McIntyre tackled him locked rolled him, slugged and did everything that was in and out of the book. Estep put several drop kicks to Eckert, then went to the corner for McIntyre to come in put on several tackles than a body smother for the fall.

The opening match between Harold "Sonny" Meyers, St. Joseph, and Jerry Meeker, Milwaukee, went the entire forty-five minutes. They likewise put on a good show for the fans, but it ended in a draw.

The wrestling season will open again at the State Guard Armory under the auspices of Pettis County Post No. 16, American Legion with Simon Kalis, the promoter and Gus Karis as matchmaker.

Sports Roundup

By Hugh Fullerton, Jr.

NEW YORK, July 18.—(P)—About twenty years ago Jimmy Slattery and Jack Delaney fought a six-round main bout in Madison Square Garden because Slattery was too young to fight the regular route. . . . It was not until this year that a teen-age fighter got top billing at the Garden again. . . . Youthful Billy Arnold was matched against veteran Fritz Zivic in January. . . . On Friday 19-year-old Tony Janiro will tussle eight rounds against Johnny Grego in the second Garden feature since the Slattery-Delaney affair involving an under-age scrapper. . . . The manpower shortage is partly responsible, but this bout still puts the Youngstown, O., youngster into a very select group of boxers who have achieved top billing before reaching the age of 20. . . . Abe Attell was born in 1884 and by 1901 he was fighting 20 round bouts against such rivals as the then declining George Dixon, Benny Leonard, Johnny Dundee and Billy Conn all were meeting top rank rivals at 19. . . . And Nat Fleischer's invaluable record book lists one Ed Dunkhorst, "The Human Freight Car," as having been born in 1883 and fighting his first important bout in 1895. Maybe it's a misprint.

The Loan Ranger

Georgia U. football followers are chortling over the summer showing of Halback John Donaldson of Jessup, Ga., who came to the university on loan from the naval academy. . . . Donaldson, rated by Coach Don Faurot as an outstanding back on his Jacksonville navy team last fall, was discharged from the regular academy class was filled so Donaldson was allowed to take a year at Georgia. . . . Coach Wally Butts, who figures Donaldson may be his best running back since Frankie Sinkwich and Charley Trippi, probably is working out some fancy plays for him already—say, a lend-lease reverse.

Shorts and Shells

The U. S. Lawn Tennis association likely will ignore the performance of Mr. and Mrs. Elwood Cooke in the men's doubles at the tri-state tourney and discourage any such entries in future events, even though they're a better combination than most two-man teams. . . . Lou army-discarded Red Ruffing may make his first start for the Yankees against the White Sox next Sunday. . . . Would you say that Fritz Zivic, who has quit the ring four times in succession after losing fights, has suddenly developed a retiring nature?

Service Dept.

According to Billy Herman, the manager of a navy team in Hawaii, Marine Pvt. Wellington (Wimpy) Quinn is ready for the big leagues right now. Quinn, who hails from Winslow, Wash., played third base at the U. of Oregon, was up with the Cubs for a trial as a pitcher a few years ago and then was converted into a first sacker by Pants Rowland at Los Angeles, where he played before entering the Marines. Wimpy hit .366 and made only two errors in 60 games up to July 1.

Sam Breadon, 'David Harum' Of Baseball

Latest Deal With
Boston Another
Proof of Wizardry

By Jack Hand
Associated Press Sports Writer

Sam Breadon's right to be known as the David Harum of baseball remains unchallenged to-day off incomplete returns of his Cooper-for-Barrett and a barrel-of-cash deal with Boston.

Mort Cooper yet may win a pennant for the Braves when the millionaire owners excavate enough supporting talent but the proof is on the table that Charley "Red" Barrett is doing a great job of tossing the Red Birds toward a possible fourth straight flag.

President Breadon of the world champion St. Louis Cards must have been well satisfied by Barrett's 3-2 victory over Boston last night for it was his tenth since joining the Birds and twelfth of the season. His previous high for an entire campaign with the Braves was 12 in 1943, his rookie year.

Neither pawn of 1945's biggest deal is a spring chicken, Cooper admitting 31 summers and Barrett 30, but the red haired chucker from California has been the more impressive. Although Cooper's won and lost mark of 9-1 is tops in the league, he has been troubled by an ailing flipper, has not started a game since June 27 and has worked only four complete tilts since he was sold May 33. Two of his successes, both on relief, were scored at St. Louis' expense while Barrett's only decision against his old Boston mates was last night's nine-inning job against Nate Andrews.

Emil Verban's single in the last of the ninth broke a 2-all tie and scored Ray Sanders with the run that kept the Cards in second place, a half game in front of Brooklyn.

The Dodgers squared their series with Pittsburgh, after blowing a Sunday doubleheader, by trimming the Pirates, 5-2, taking advantage of sloppy enemy fielding. Four boots by the Buccos cost Nick Strincevich the verdict to Hal Gregg although neither one lasted.

Dick Mauney of the Phillies won't forget July 17, 1945 for many a moon because he celebrated the birth of a second son by notching the second triumph of his big league career. The score was 3-1, and just like back on July 1 when he broke into the win column, the victim was Cincinnati. With Mauney allowing only three hits, Joe Bowman could expect little more than his second setback since joining the Reds in early June.

Bill Voiselle clipped Chicago's wings with a five-hitter for his eleventh triumph, 2-1. Danny Gardella's single with the bases loaded in the fourth provided the decisive margin over Paul Erickson. The result snapped a Giant five-game losing streak and a Cub five-tilt victory march. Chicago's loss and St. Louis' win sliced the Cubs' lead to three games as they go into an important series with Brooklyn, only 3½ lengths away. Two games today can make or break the Dodgers' western trip.

Detroit goes into Washington tonight for a two-night doubleheader, inaugurating a five-game vital series in which the Nats could go over the top. Detroit at New York and St. Louis at Washington were rained out yesterday and the Chicago at Philadelphia contest was moved back because of transportation difficulties.

Cleveland stopped Boston, 6-1, for Steve Gromek's 11th decision, in the only American league contest. Johnny Lazor's homer saved the Sox from a shutout but they dropped to fourth and Jim Wilson suffered his sixth setback.

M. W. Team In Second Victory

Maybe it took a losing streak to wake up the local Montgomery Ward twilight league softball team. Whatever it was they have got off on the right foot so far in the second round of the split season nudging out the Sacred Heart aggregation 6 to 2 Tuesday night to win their second game of the second round. This game was played on the south diamond of the Smith-Cotton field.

First scoring of the game was done by Sacred Heart when they attained their two runs in the first inning however after that Montgomery Ward took over, scoring one in the third by Tasey, one in the fourth by Ream, three in the fifth by Pfifer, Twomer and Hunt and one in the sixth by Loague.

Montgomery Ward's battery was Steiner and Ream, and Smith and Lueck for Sacred Heart.

While this game was going on action was taking place between the SAAF Officers and Rosenthals on the north diamond, the Officers taking the game 4 to 3.

Rosenthals scored in the first, third and fifth, Williams and Schilb as pitcher and catcher, making three runs, one walk and seven hits. Runs were made for the Officers by Visosky in the Sixth, Miller in the fourth and Schilb and Williams in the last of the seventh, making nine hits all total.

Daspit and Seigel took the mound and catchers plate for the Officers.

So far in the second round the standings are:

	Won	Lost
Montgomery Ward	2	0
Sacred Heart	1	1
SAAF Officers	1	1
Rosenthals	0	2

Next Tuesday Montgomery Ward will meet the SAAF Officers on the south diamond and Sacred Heart will oppose Rosenthals on the north diamond.

Troops 50 and 56 will play on the field Thursday night for the Boy Scout championship playoff.

'Subs' Reported Off Argentina

BUENOS AIRES, July 18—(AP)—The editor of the newspaper El Tribuno de Delores, near the Argentine naval authorities are investigating reports that one and possibly two submarines were sighted off San Clemente Del Tuyu today only a few days after the German U530 surrendered at Mar Del Plata.

(The British admiral said yesterday four German submarines had not been accounted for.)

Patriotism is Theme of Club Meeting

The July meeting of Sunnyside Extension club was held at the home of Mrs. Charles Baughman, who was assisted in hostess duties by Miss Sena Maus and Miss Jetts.

After a morning spent in visiting, dinner was served.

During the business session, presided over by Mrs. C. Rodenbach, it was decided that the Rodenbach home will be this year the site of the annual club picnic, to be held the regular club meeting day. Each person is to bring a "white elephant."

The news letter was read by Mrs. Roy Reinert, the Twenty-third Psalm was used as a Scripture reading and roll call was answered with hints in regard to the sick room.

Patriotic Program
The program, of which Mrs. Milton Lewis was in charge, centered around the Fourth of July, and included patriotic quotations by each member.

A discussion of the Declaration of Independence, led by Mrs. W. P. Tucker, was followed by discussions of the U. S. Constitution and Magna Carta of England, which, like our Declaration of Independence, was signed in July. The hope that the Peace Charter might be also signed in July was expressed, that the birth month of three of the greatest of the world's documents might be July.

Guests were Mr. and Mrs. William Monsees, L. G. Berry and Misses Maus and Jetts.

Bingo was played following the meeting.

Stays Execution Of Child Slayer

JEFFERSON CITY, July 18—(AP)—Gov. Phil Donnelly Tuesday day stayed the execution of Buford Cole, 29-year-old St. Louis Negro, from July 27 to Aug. 31.

The governor said he granted the reprieve at the request of Joseph L. McEmore, St. Louis and Washington, D. C., attorney who asked additional time in which to present a petition for executive clemency.

Clemency would be Cole's last chance for life. The Missouri supreme court rejected his appeal to that body last June 11 by upholding his second St. Louis circuit court conviction. He won a reversal after his first trial.

Cole was convicted of the rape slaying of a seven-year-old negro girl on Dec. 19, 1941. Her body was found in an alley where she had been lured.

A former resident of Sikeston, he was working in St. Louis as

and sons, Junior and Jerry, of Boonville, spent Saturday and Sunday with their parents here.

And Stop Dosing Your Stomach With Soda and Alkalizers
